For Immediate Release

The August 2007 issue of Entrepreneur Magazine announced that Twin Tier Hospitality Corporation was in the Hot 500 companies in the United States. In fact Twin Tier was 194th. Twin Tier owns 10 hotels in New York, Pennsylvania and Ohio. These hotels include the Best Western Grand Victorian Inn in Sayre, Pa; The Best Western University Inn in Ithaca, NY; Best Western Hunt's Landing in Matamoras, PA; Radisson Hotel Rochester Airport in Rochester, NY; Clarion Hotel, Scranton, Pa; Holiday Inn in Westlake, OH; Wyndham Garden Hotel in Harrisburg, PA; Comfort Inn in New York, NY; Doubletree Hotel in Independence, OH and the Radisson Hotel in North Olmstead, OH.

The Hot 500 rankings were compiled with the help of Corporate Research Board, a research organization. Entrepreneur and CRB started with CRB's database of more than 19 million U.S. businesses that met the following criteria:

- Must have been founded no earlier than 1998 and no later than 2002
- Company sales in 2002 must be \$100,000 or greater; 2006 sales must not exceed \$1 billion
- Must have positive job growth between 2002 and 2006
- Must have a minimum level of sales growth or a sales growth quantifier of 1 or higher between 2002 and 2006; the growth quantifier is a measurement that combines percentage and absolute growth.

Only 95,000 businesses-or 0.5 percent of the 19 million businesses-met the above criteria. Entrepreneur then contacted the businesses with the greatest growth to confirm eligibility. To be eligible, the founder must be actively involved in the company, the company cannot be a spinoff or a division of a larger company, and company sales for 2006 must be at least \$1 million. From this list, the Hot 500 was selected.

Twin Tier has been in business for ten years and has averaged a growth of an additional hotel every year. Satish Duggal, the founder, states "this is quite an honor to be the 194th Hottest Company in the United States. The growth can be attributed to the employees who have shown dedication and commitment to the success of this company."
